Personnel Readiness Processing Program (PRPP)

Did you know?

- The Army goal is to achieve a nondeployable rate of 5 percent or less.
- The USR now categorizes the MRC 4 population as deployable, though the PHA and dental examinations remain annual requirements.
- Commanders must confirm their Soldiers' deployability status by using the Medical Operational Data System- Medical Readiness Commander Portal.
- Unit commanders must formally appoint a commander's designee who is a trusted and trained individual as an alternate to execute command readiness responsibilities within the Commander Portal.
